

Early Initiation of Applied Practice Experience in Public Health

Students may only request early initiation if they are missing one core course OR one required specialty course.

I would like to request permission for early initiation of the Applied Practice Experience. I am a student in the _____ degree program who has completed at least ___ hours of required specialty courses and ___ hours of MPH core courses. At the end of this semester I will have completed _____ hours of coursework. My current transcript is attached for verification of hours. I am requesting this early initiation because:

(At this point, explain why you have not completed the requirements, when you will complete the remaining requirements, and explain why you want to begin the Applied Practice Experience now.)

I respectfully ask you to grant this request.

Thank you,

Student
