

# WE NEED YOUR HELP!

## Who are we looking for?

- Parents (or legal guardians) and their 8-10 year old child
- Parents must currently use tobacco (cigarettes, cigars, snus, smokeless, vapes, etc.)
- Families must live in Desha, Phillips, Lee, or Chicot county

## How do I find out more?

Scan this QR code to see if you are eligible:

## Want to learn more?

familytobaccoproject@uams.edu

501-830-1280

## What are we doing?

We want to learn how to prevent tobacco use and vaping in children.

## Why are we doing this?

We want to improve a program focused on preventing tobacco use in children whose caregivers use tobacco.

## What do you have to do?

You and your child will complete a survey, review a free copy of a tobacco prevention program, and participate in a group discussion or interview. Participation takes about 3 hours.

## Will I receive compensation?

Families can receive up to \$100 for their time, if they complete all study parts.
